

TELECONSULT BAGS ANOTHER BICTA AND THE “PATRONS AWARD”

Teleconsult Sdn. Bhd., Brunei Darussalam recently won BICTA 2010 for their product called, “InDepth Stereo”.

InDepth Stereo is 3D surround audio processing which produces a virtual 3D environment by passing through master audio channels to their methods and special technique.

InDepth Stereo able to convert any sound tracks or audio channels for music, film and TV productions either if it is given in separated tracks or in “already mixed together” kind of audio, directly into superior quality 3D Surround Sound.
